The participant shall not exhibit any publicity material, whether in printed or visual form that is contrary to the teachings and tenets of Islam.

An exhibitor will not be allowed to display any obscene material or visual or any other medium that blatantly infringe Qatari laws.

Conditions... cont.:

4. Space Reservation

- Space reservation must be made by using the application form supplied by the organizers for this purpose. This form should be completed in all respects and returned to the organizers by registered mail or through personal delivery.
- Standard booth (Shell Scheme). A standard booth shall be of aluminum pre-fabricated at the cost of the organizer. The exhibitors at standard booth shall be provided with the following for every (18) square meters: Booth partitioning, basic illumination (spotlights), information desk and chair, floor carpet, company name on fascia.
- For Shell Scheme, the name, company name or trade mark to be displayed on the stand should be written clearly in capital letters on the space application. No other means of identification are allowed. Any modifications requested by the exhibitor and authorized by the organizers will be at the exhibitor's expense.
- Each space application form must be accompanied in all cases by 50% payment of the space being reserved or proof of 50% payment transfer.
- Payment can be made only by either Demand Draft or Bank Transfer.
- The organizers are the sole party to decide on matters pertaining to exhibitor admittance, such decisions are made unilaterally with applicants having no recourse to appeal.
- Once stand allocations have been decided, the organizer shall notify the exhibitors of stand or floor space location and remit the exhibitor's document, including an invoice for the remaining stand fees which must be paid by the exhibitor without delay, so that the stand can be occupied.
- Should applicants renounce the right to occupy the space that was requested after definitive registration, they will be liable to pay the organizer the full rental fee, with applicants having no recourse to appeal.
- Should stands or spaces considered as preferential sites be left open after allocation owing to withdrawal or inability to attend, the management of the exhibition shall proceed to allocate such spaces in accordance with the criteria mentioned.
- The organizers reserve the right to terminate the contract without prior notice should the exhibitor infringe or be known to have infringed any regulations as set forth in the conditions for participation or any other dispositions employed for this exhibition in particular. Termination of the contract immediately and close the exhibitor's stand if exhibited products do not generally correspond to the appropriate section, with the subsequent loss of all amounts paid by the exhibitor.
- Partial or total transfer of exhibition space or any exhibitor's rights strictly prohibited.
- Authorization to remove the merchandise from the trade exhibition hall shall be granted by the management only after the exhibitor has paid all exhibition fees in full.

5. Allotment of stands

- The management of the exhibition is the sole responsible party for distributing stands and space requested by applicants.

6. Stand Installation, Assembly and Removal

- The exhibition of their respective products will be the responsibility of the exhibitors. Whoever wishes a special stand decoration, are obliged to present a signed sketch of the decorator's projects which will be returned to the exhibitor upon the approval of the exhibition management and the technical department and without which no authorization will be given to commence stand assembly. These of course should be within the standards established for the exhibition.
- Perforation in any way in the lateral or back walls or partition of Shell Scheme stands is strictly prohibited. The organizers will provide exhibitors with Shell Scheme Stand which are fully intact.
- No decorations or assembly operations shall be authorized which exceed the outer limits of a stand. Exhibitors using Shell Scheme Stands are obliged to respect the limits indicated by the metal profiles of the stand structure, as well as the standard lettering on the fascia, and shall not be allowed to place objects outside the limits of their stands, particularly in aisles, without previous authorization from the organizers.
- During stand installation or assembly, all instructions set forth in this section and any other rules or regulations concerning stand assembly or removal issued at any time during the exhibition, must be observed in full.
- Stand assembly and decoration and the placement of merchandise on stands must be fully completed one day before the opening event.
- During the event, it is strictly forbidden to modify or remove installations of exhibited merchandise. Such activities should be completed an hour prior to the beginning of the exhibition.
